Terms of Engagement As Registered Tax Agent

We hereby confirm that Austax Accountants & Financial Planners Pty Ltd ("Austax") is registered tax agent 73380-000 under the Tax Agent Services Act 2009 (TASA). We will notify you immediately should our registration be suspended or terminated before the conclusion of our engagement.

All tax returns prepared on your behalf by Austax are compiled using the information and data that have been provided to us by you, our client. Whilst we will exercise reasonable care, as contemplated by the Tax Agents Services Act 2009 (TASA), when preparing your returns, ultimately the responsibility for the accuracy and completeness of this information vests with you. Should you subsequently become aware of any errors or omissions in the information used to prepare your return, it is your responsibility to contact Austax as soon as possible to arrange for an amendment to be lodged. Failure to do so immediately may result in the Australian Tax Office (ATO) applying penalties and/or interest charges in addition to any shortfall tax amounts or increasing the severity of any penalties that may be applicable.

It is your responsibility to keep all the records, receipts and other documentation you have used to prepare your tax return. If you are claiming deductions, you must keep written evidence to verify your claims for those deductions. Such records must generally be kept for a period of five years from the date your notice of assessment is issued.

Under the self assessment system, your income tax return is generally accepted at face value without adjustment. Even though you may receive a notice of assessment, which creates the formal obligation to pay tax, your return may be subject to further review or verification. The Australian Taxation Office (ATO) period of review is usually two to four years from the date your notice of assessment is issued. Be aware that the ATO may withhold any tax refund due and use the proceeds to discharge other outstanding taxation or government debts (Centrelink, Child Support, Family Assistance Office etc) that you may owe.

Should your tax return be subject to an audit or review by the ATO, you have certain rights and options, including the right to object and the right to appeal to the Administrative Appeals Tribunal should a dispute with the ATO arise.

All fees payable to Austax must be paid in full PRIOR to the lodgement of your return, unless you have agreed in writing to have said fees deducted from your refund. Should your tax return be lodged late as the result of your failure to settle an account on time, then you indemnify Austax from any liability to pay any late lodgement penalties or interest charges imposed on your tax accounts by the ATO.

Client Declaration

Subject to the above terms, I hereby engage Austax Accountants & Financial Planners Pty Ltd to act as my registered tax agent for the purpose of compiling and lodging my annual income tax return and any other return that I may be required to lodge by the ATO to comply with my obligations under Australian taxation law as necessary. This engagement is to remain in force until such time as either party serves written notice of their intention to terminate this engagement. Furthermore, I acknowledge that the information I have provided to Austax on this questionnaire will be used to prepare my income tax return and as such declare that it is true and correct to the best of my knowledge and belief.
