

MEDICARE LEVY EXEMPTION RESERVISTS

Members of the Reserve Force may be entitled to a reduction in their liability for Medicare levy for the period of Reserve service rendered, including unpaid service.

Reservists who are engaged under Continuous Full Time Service (CFTS) arrangements, and therefore afforded a full level of health cover under Defence Health Services policy, are entitled to claim exemption from Medicare levy based on their days of Reserve CFTS.

Reservists serving other than CFTS are not entitled to claim exemption from Medicare levy.
